Audit Report.

Audit Report on the accounts of the Andhra University, Waltair, for the year 1933–34.

Name of auditor—Mr. R. Raghavachariar, District Inspector of Local Fund Accounts, Vizagapatam.

Time taken for audit—From the 6th October 1934 to 31st December 1934.

2. The transactions under each of the eight accounts separately maintained by the University and the Provident Fund, are shown in the statements appended. The opening balances in the several cash books are in agreement with the closing balances of the previous year. The closing balances are in agreement with the balances in the Bank and Treasury Pass Books after allowing for outstanding cheques and revenue not credited in the Treasury accounts within the year.

3. *Tenders not invited.*—The work of constructing two additional Hostel blocks estimated at Rs. 40,000 each was entrusted to Messrs Britannia Building and Iron Company, Limited, on the same terms as for the Central Block, in Secretariat Resolution No. 266 dated 14th January 1933, without inviting separate tenders therefor.

4. *Work not given to the lowest tenderer.*—The lowest tenderer for the work of constructing a combined building

for power-house, gas plant and workshop was Messrs. Gannon Dunkerley; but the contract was given in Syndicate Resolution No. 259, dated 14th January 1913, to Messrs. Britannia Building and Iron Company, Limited, on condition that they construct the building according to the rates tendered by Messrs. Gannon Dunkerley & Co., Ltd.

	Rs.
Messrs. Gannon Dunkerley & Co., Ltd, ...	23,215
Messrs. Britannia Building and Iron Company, Limited	23,623

The procedure of entrusting the work to a contractor at the lowest tender offered by another, is not correct as it defeats the very object of inviting tenderers.

5. *Papers' receipts—Wanting.*—Papers' receipts were wanting in seventeen cases for an aggregate amount of Rs. 4,476-2-0, as detailed in Item 33 of the Annual Objection Statement.

6. *Library books—Verification.*—The annual verification of library books was not done for 1933-34. The final action taken either to trace or replace the seventeen missing books noticed during the verification of last year has not yet been reported.

7. *Stock registers of scientific instruments, etc.*—None of the stock registers bear the annual certificate of verification though the defect was pointed out in paragraph 6 of the Audit Report for 1932-33.

8. *Register of investments.*—The maintenance of the register of L.F. Form No. 124 used in the District Board Office was suggested in paragraph 7 of the Audit Report for 1932-33 with a view to minimise the number of registers at present maintained and to remedy the defects noticed in the Interest Watch Register which does not show the amount and date of realisation of each item, the total interest realized in the month and in the year. The above register will also serve to watch the realization of all the interest amounts and maturity of securities on the due dates.

9. *Debt head account not opened.*—A separate head of account for deposits and advances has not been opened in the General Account to exhibit the transactions relating to these items which are on the increase. The advances are still being debited finally in the accounts, though the defect was pointed out in paragraph 7 of the Audit Report for 1932-33. A sum of Rs. 41,811-11-0 was outstanding under "Advances Recoverable" at the end of the year according to the Register of Advances Recoverable.

10. *Maintenance of accounts—Fee Demand and Games Fund.*—(i) The demand registers for college fees do not bear evidences of check in the Registrar's office and the demand certified to.

(ii) A separate cash book and pass book for games fund were not maintained as is done for schools under local bodies.

11. The gross receipts and charges for the year were Rs. 11,41,019-6-10 and Rs. 11,26,308-8-3, respectively.

Forty-seven objections involving an amount of Rs. 15,086-12-9 were pending settlement at the close of audit.

RULES RELATING TO THE PROCEDURE TO BE FOLLOWED BY TRIBUNALS AND DISTRICT COURTS IN CASES REFERRED TO THEM FOR INQUIRY UNDER THE BAR COUNCILS ACT.

The following rules have been made by the High Court under section 12 of the Indian Bar Councils Act, 1926, to regulate the procedure to be followed by Tribunals and District Courts in the conduct of cases referred to them for inquiry under section 10 of the said Act, in supersession of the rules published at pages 14–15 of Part II of the *Fort St. George Gazette*, dated 1st January 1929, as subsequently added and amended :—

1. Upon receipt of a case referred for inquiry under section 10 (2) of the Bar Councils Act, the Tribunal or District Court shall forthwith frame a charge or charges on the basis of the complaint, fix a date, hour and place for the inquiry and give notice thereof to the complainant and to the Advocate whose conduct is the subject of inquiry (hereinafter called "the respondent"), at least twenty-one days before the date of inquiry; provided that in exceptional cases, the Tribunal or Court may in its discretion, postpone the framing of charge or charges until after examination and cross examination of witnesses for the complainant. The Tribunal or Court shall inform the respondent that he must deliver to the Tribunal or Court his written answer within fourteen days from the date of receipt of notice of inquiry, unless he obtains an extension of time.

2. At the commencement of the inquiry, the charge or charges shall be read to the respondent, his written answer shall be read and he shall further if necessary, be called upon to supplement his written answer and to plead orally to the charge or charges.

3. If, after considering the reply to the charge or charges the Tribunal or Court deems proper to proceed with the inquiry, it shall inform the complainant that he must within fourteen days or such other time as the Tribunal or Court may fix, make application to the Tribunal or Court in respect of any evidence he may desire to have summoned, depositing with the application the necessary expenses or bring his evidence on the date fixed without invoking the assistance of the Tribunal or Court, and the Tribunal or Court may adjourn the case to a convenient date. On the adjourned date or any later date on which the Tribunal or Court may take up the case, the case shall be opened on behalf of the complainant ; and the evidence in chief in support of the charge or charges and cross-examination and re-examination shall follow.

4. If upon taking all the evidence referred to in rule 3 *supra* and making such examination (if any) of the respondent as the Tribunal or Court thinks necessary, it finds that no case against the respondent has been made out which, if unrebutted, would warrant disciplinary

action being taken against him, the Tribunal or Court shall report to the High Court that in its opinion no case against the respondent has been made out or that the complaint against him is groundless, as the case may be, giving reasons for that opinion.

5. If upon taking all the evidence referred to in rule 3 supra, the Tribunal or Court finds that a case against the respondent has been made out which, if unrebutted, would warrant disciplinary action being taken against him, the respondent shall then be called upon to enter upon his defence, if he desires to make any defence, and, after opening his case, shall produce any evidence he desires to call.

6. If the respondent, after he has entered upon his defence, applies to the Tribunal or Court to issue any process for the purpose of compelling the attendance of any witness for the purpose of examination or cross-examination, or the production of any document or other thing, the Tribunal or Court shall issue such process unless it considers that such application should be refused on the ground that it is made for the purpose of vexation or delay. Such ground shall be recorded by it in writing.

Provided that, when the respondent has cross-examined or had the opportunity of cross-examining any witness after the charge is framed, the attendance of such witness shall not be compelled under this rule unless the Tribunal or Court is satisfied that it is necessary for the purposes of justice.

7. (1) The Tribunal or Court having heard the evidence for the complainant and the respondent, shall report to the High Court its finding on each charge that has been framed, giving reasons for its finding.

(2) The findings of the Tribunal, if unanimous, shall be signed by all the members of the Tribunal. If the members of the Tribunal differ in their findings or any of them, all the findings shall be reported to the High Court, being signed respectively by the members whose findings they are. The reasons for the findings shall be reported to the High Court in one report of the members of the Tribunal are unanimous and in separate reports if their findings differ, provided that, whether their findings are unanimous or not, any member may record the reasons for his findings separately and the record so made shall be forwarded to the High Court with the other report or reports of the Tribunal in the case.

8. The respondent may, if he wishes, give evidence as a witness in the inquiry.

9. If on the day appointed for hearing, or any other day, to which the Tribunal or Court shall have seen fit to adjourn the case, the respondent does not appear, and if the Tribunal or Court is satisfied that he has been duly served with notice and is absent without reasonable cause, the Tribunal or Court shall proceed to examine the complainant and such witnesses as it has ascertained from the complainant, or otherwise, are likely to be acquainted with the facts of the case. After such examination the Tribunal or Court shall report to the High Court which charges of misconduct, if any, have in its opinion been made out against the respondent giving reasons for its opinion.

10. Evidence given before a Tribunal shall be recorded in English either (1) by a shorthand writer who shall take down *verbatim*, both questions and answers, or (2) by the President or some member of the Tribunal chosen by him, who may take it in the form of a deposition. The evidence so taken down shall be signed by the President or member and shall form part of the record.

11. Evidence given before a District Court shall be recorded by the District Judge with his own hand in English or in the vernacular. The evidence so taken down shall be signed by the District Judge, and shall form part of the record.

12. The respondent and the complainant, if any, may be represented by an advocate or advocates, but the Tribunal or Court, as the case may be, may require the complainant to attend before it in person.

13. In a case instituted by complaint, if the complainant does not appear, *or appears and states that he desires to withdraw the complaint*, the Tribunal or District Judge shall have discretion either to proceed with the inquiry or to report to the High Court that the complainant has failed to appear, *or has appeared and stated that he wishes to withdraw the complaint* and that it is unnecessary or impossible to proceed, and thereupon the High Court may pass such orders as it thinks fit.

14. In cases taken up by the High Court without a complaint or in which the complainant fails to appear but the Tribunal or the District Judge decides to proceed with the inquiry or the complainant appears personally but the Tribunal or the District Judge considers that having regard to the nature of the case the assistance of an advocate is desirable, the Tribunal or the District Judge may recommend to the High Court the appointment of an advocate for conducting the cases and the High Court may thereupon appoint an advocate on such terms as to fees, etc., as it may think fit.

15. Every advocate appearing before the Tribunal for any party or to conduct a case against a respondent shall file with the Tribunal a memorandum of appearance; but the memorandum need not bear any stamp.

16. Process-fees for summoning witnesses to appear in Madras before the Tribunal and batta for such witnesses shall be paid by the parties on the scales and in the manner prescribed for witnesses summoned to appear in suits in the Original Side of the High Court and for witnesses to appear before a District Court on the scales and in manner prescribed for witnesses in a District Court, provided that in cases taken up by the High Court without a complaint or in which the Tribunal or District Judge, as the case may be, reports to the High Court that the complainant is unable to pay such process-fees and batta, summonses for witnesses whom the High Court or the advocate conducting the case against the respondent or the Tribunal or District Judge thinks it necessary to call shall be issued without charge by the Registrar of the High Court, who will pay the batta for such witnesses on the scales aforesaid.

17. Applications made to the Tribunal for copies of records shall, if approved by the Tribunal be forwarded by the Secretary of the Bar Council with the original documents of which copies are required to the Registrar of the High Court, who will have the copies made by the Copyist establishment of the High Court and supplied in accordance with the rules for making and supplying copies in the High Court.

STATISTICS—CROP—REPORT—COTTON—1934–35 —FIFTH OR FINAL REPORT.

The average of the areas under cotton in the Madras Presidency during the five years ending 1932–33 has represented 9 per cent of the total area under cotton in India.

2. The area under cotton in the Madras Presidency in 1934–35 is estimated at 2,271,300 acres as against 2,095,300 acres for the corresponding period of last year and 2,135,100 acres according to the February forecast of the current year. The present estimate for the Presidency represents an increase of 4·2 per cent over the finally recorded area of 2,174,736 acres in 1933–34. Last year's estimate fell short of the actuals by 3·6 per cent.

3. Picking of cotton is in progress and may be finished within a month.

4. A normal yield is expected in East Godavari, West Godavari, Kistna, South Arcot, Salem and Tanjore. A yield below normal is expected in the other districts. The yield is the lowest in Anantapur (37 per cent).

5. The general factor for the Presidency works out to 81 per cent of the average for irrigated cotton and 81 per cent for unirrigated cotton, the final figures according to the season and crop report of last year being 101 per cent and 92 per cent respectively. On this basis, the yield works out to 454,900 bales of 400 lb. lint as against 461,600 bales in the previous year, an increase of 0·7 per cent and against an average yield of 466,433 bales. It is, however, too early to estimate the yield with accuracy as much will depend on future weather conditions and their effect on the second crop and on the amount of damage done by insect pests.

6. The estimated area and yield under the several varieties are given below :—

NOTE.—(1) *Item* 1.—The entries mainly relate to the crop of 1933–34. The early crops sent in the Deccan, however, generally complete the market from December in each year. The figures are taken from the weekly returns forwarded by ginning and pressing.

(2) *Item* 2.—The figures are approximate.

(3) Figures of carry over of crop are not available nor are figures of arrivals and despatches of the different varieties available.

7. The wholesale price of cotton lint per imperial maund of 82 2/7 lb. as reported from important markets towards the close of March 1935 was Rs. 13–2–0 for Cocanadas, Rs. 21–8–0 for red Northerns, Rs. 23–13–0 for white Northerns Rs. 18–14–0 for (early crop) Westerns, Rs 28–2–0 for cambodia, Rs. 20–14–0 for Coimbatore Karungani, Rs. 25–10–0 for Tinnevelly Karungani, Rs. 24–10–0 for Tinnevellies, and Rs. 24–15–0 for Nadam. When compared with the prices reported towards the close of January 1935, these prices reveal a rise of about 1 per cent in the case of red Northerns and 9 per cent in the case of white Northerns and a fall ranging from 2 to 13 per cent in the case of other varieties.

STATISTICS—CROP FORECAST REPORT—GINGELLY—1934-35—FOURTH OR FINAL REPORT.

The average of the areas under gingelly in the Madras Presidency during the five years ending 1932-33 has represented 12 per cent of the total area under gingelly in India.

2. The area sown with gingelly up to the 25th March 1935 is estimated at 657,300 acres. When compared with the area of 816,600 acres estimated for the corresponding period of last year, it reveals a decrease of about 24·6 per cent. This year's estimate also reveals a decrease of about 31·4 per cent as compared with the finally recorded area of 930,143 acres last year. Last year's estimate was in excess of the actual area by about 1·6 per cent.

3. 104,700 acres have been reported as sown since the previous forecast report was issued in January, as against 240,500 acres during the same period last year. These late sowings were mainly on wet lands in the Circars, Cuddapah, South Arcot, Trichinopoly and the South where gingelly was raised as a second crop after paddy.

4 As compared with the actual area sown last year, there has been a decrease in area in all the districts except Guntur, Cuddapah, Nellore, Chingleput, Chittoor, Salem and South Kanara.

5. The yield has been below normal except in Kistna, Cuddapah, Ramnad and South Kanara where it has been normal The yield is markedly low in Anantapur (20 per cent) and Bellary (60 per cent). The condition of the late sown crop is generally fair.

The seasonal factor for the Presidency works out to 84 per cent of the average as against 93 per cent according to the season and crop report of last year. On this basis, the yield is estimated at 76,200 tons as against 105,600 tons in the previous year and an average yield of 105,600 tons.

STATEMENT OF OBJECTS AND REASONS.

1. The main objects of the Bill are—

(1) To replace the existing military Executive Officers by a less expensive service of civilian Executive Officers who will be paid out of cantonment funds [Clauses 7 and 72 (e)]

(2) To enable the Government to assume the direct management of Government land in cantonments wherever necessary, and to employ their own officers as Military Estates Officers for this purpose. [Clauses 2 (d), 62 and 156] The present arrangements, under which Cantonment Authorities exercise dual functions both as the municipal authority for the occupation and use of land and also as the custodians of Government rights in land, have led to considerable difficulties in practice.

The change is not intended to deprive Cantonment Authorities of the income which they derive at present from Government lands placed under their management, although different methods of allocating that income will have to be employed. It is also not intended to disturb the existing arrangements regarding the management of lands in bazar areas. These will remain under the control of Cantonment Authorities as agents of the Government of India.

(3) To provide for better building regulations on the lines of those in force in municipalities, in order, in particular, to be able to prevent over-building in residential areas, which is tending to render cantonments unsuitable for the primary object of their existence. [Clauses 53—61.]

(4) To make it legal, which is not the case at present, for the military authorities, in those cantonments in which the water-supply is provided by the M.E.S., to make bulk supplies at agreed rates to the Cantonment Authority for distribution to those sections of the cantonment population which are not entitled to a free supply of water, at the expense of the State, and to enable Cantonment Authorities to recover the cost of the water so supplied from individual consumers. [Clauses 2 (b) and 65-67.]

At present in cantonments of the kind referred to, the M.E.S. supply the water direct to consumers, but have no power to recover the cost themselves. This function is left to the Cantonment Authority, which is not primarily interested from the financial point of view, with the result that large sums amounting to about Rs. 5 lakhs a year are at present being lost to the State.

2. The opportunity has been taken at the same time—

(a) to make a number of changes, which will be necessary under the new constitution, in the direction of resuming and allocating to the Central Government duties and functions which are at present exercised by Local Governments [Clauses 3, 4, 5, 8 (b) 9 (c), 9 (h), 10, 11, 12, 13 (a), 13 (b), 14, 15 (a) (i), 15 (b) (ii), 15 (c), 16 (b) (ii), 17, 23, 24, 27, 29, 30, 31, 32, 34, 42, 44, 45, 47, 52, 63, 73 and 75.]

NOTE.—These clauses need not necessarily take effect at the same time as other clauses of the Bill.

(b) to make certain amendments on points of detail, which have either been (1) recommended at a conference with representatives of the All-India Cantonments Association. [Clauses 2 (c), 2 (f), 6, 8 (a), 15 (a) (ii) and (iii), 15 (b) (i), 15 (b) (vii), 16 (a), 16 (b) (c), 18 (b), 22, 36, 39, 40, 41 (a), 44, 48, 64 (a) and (c), 69, 71 and 73], or

(2) have been found desirable as a result of experience in the working of the present Act. [Clauses 2 (a), 2 (c), 2 (g), 2 (h), 2 (i) 2 (j), 5 (a), 13 (c), 15 (a), 15 (d), 19, 20, 21, 25, 26, 28, 33, 36, 37, 38, 44 (b), 45, 49, 50, 51, 62, 64 (b), 68, 70 and 76.]

3. Notes on individual clauses which require further explanation are appended.

NEW DELHI,
The 4th February 1935.

G. R. F. TOTTENHAM.

NOTES ON CLAUSES.

Clause 2 (c).—The present definition of "building" does not include walls, with the result that Cantonment Authorities have found themselves unable to order the removal of walls other than compound walls which are built without permission.

Clause 2 (b).—Necessitated by clause 67.

Clause 2 (c).—The omission is explained by clause 30.

Clause 2 (d).—See paragraph 1 (3) of the Statement of Objects and Reasons and also clauses 22 and 58.

Clause 2 (f).—Difficulties have arisen regarding the interpretation of "residence" for the purpose of securing a voting qualification under section 27 (1) (c). The definition proposed follows generally the recommendation of the All India Cantonments Association and section 3 (25) of the Madras District Municipalities Act, 1920.

Clause 2 (g).—The inclusion of "open spaces" in the existing definition of "streets" has been found to be unduly wide and might cover all sorts of areas which for municipal purposes should not be classified as streets.

Clause 5.—In view of the circumstances in certain very small cantonments, it is impossible to dispense altogether with the form of administration known as the Coperation, Sole; but this clause has been inserted in deference to the popular wish that, even in such cantonments, representatives of the civil population should have some voice in that part of the administration which directly concerns them.

Clause 7.—See paragraph 7 (1) of the Statement of Objects and Reasons. It has been found impracticable to give individual cantonments the power to appoint their own Executive Officers, but the intention is that the services of civilian Executive Officers should be recruited through the Public Service Commission and that in making postings and transfers the interests of individual cantonments should be considered as far as possible.

Clause 8 (a) (c).—The new principle is here introduced of varying the size of the Cantonment Board in proportion to the number of its civilian inhabitants. At present all elected Boards contain 13 members, a number which is unnecessarily large for the smaller cantonments.

Clause 8 (a) (ii).—The omission of the words referred to in this clause will render it possible for the officer Commanding the station in suitable cases to replace official by non-official members at his discretion.

Clause 9.—The grant of power to extend the term of office of elected members in exceptional circumstances has been inserted on the recommendation of the All-India Cantonments Association. Practical inconvenience has occasionally been felt in the past owing to the absence of any such provision.

Clause 13 (c).—Owing to the exigencies of military service, military members of Cantonment Boards often have to be transferred at short notice, and it is therefore necessary, if the character of the Board is to be maintained, to make special provision for their replacement by a simple and expeditious procedure.

Clause 15 (a) (ii).—Section 27 (1) (b) as at present drafted gives a vote to certain classes of persons although they may not pay any taxes in the cantonment. In conformity with ordinary municipal practice and in accordance with the recommendation of the All-India Cantonments Association, this possibility is excluded by the amendment proposed.

Clause 15 (b) (i) and (iii).—At the wish of the All-India Cantonments Association and in conformity with municipal legislation in certain Provinces, the amendment here proposed to section 27 (2) gives the Governor General in Council the power to declare that conviction for certain offences shall not operate as a bar to inclusion in the electoral roll.

Clause 16.—The amendments proposed follow the wishes of the All-India Cantonments Association in debarring Government or cantonment fund servants from contesting elected seats.

Clauses 18, 19 and 20.—The amendments proposed to section 38 bring the provisions of the Act in regard to the removal of members from Cantonment Boards more into line with similar provisions in various Municipal Acts.

Clause 21.—The amendment is designed to ensure that Cantonment appointments are made as far as possible on merits and for no other reason. The draft follows section 74 of the Bengal Municipal Act, 1932.

Clause 22.—See paragraph 1 (2) of the Statement of Objects and Reasons.

Clause 23.—Administration reports are at present submitted in accordance with a general instruction under section 46. The proposed clause has been inserted in order to remove any doubt whether such an order is permissible and follows the wording of section 53 of the Madras District Municipalities Act, 1920.

Clause 35.—The amendment is intended to ensure, in conformity with the wishes of the All India Cantonments Association, that only one elected member of the Board should serve on the Assessment Committee.

Clause 36.—There is at present no power to revise assessments when additions or alterations are made to a building which increase its value. The amendment is based on section 147 of the United Provinces Municipalities Act, 1916.

Clause 38.—There is no specific provision at present enabling an occupier to apply for the remission or refund of a tax, although in many cases tax notifications provide that the tax shall be paid by the occupier. The amendment is necessary to avoid audit objections when applications for refunds, etc., are received from occupiers.

Clause 39.—Section 76 of the Act at present definitely excludes property in hill cantonments from the benefits of the remission or refund of taxes. This is in itself an anomaly. It has been agreed, after consultation with the All-India Cantonments Association, that the same rules should apply in future both to cantonments in the hills and in the plains. The provisions themselves have been revised in accordance with the practice in various Municipal Acts, so as to reduce the period for which a building must remain vacant and unproductive of rent before a remission or refund may be granted.

Clause 41.—The amendments are designed to remove certain doubts that have arisen in the past regarding powers to distrain property and follow the provisions of the rules made under section 124 of the Madras District Municipalities Act, 1920.

Clause 46.—This amendment has been recommended by the All-India Cantonments Association in order to facilitate a more liberal expenditure from cantonment funds on education in cantonments.

Clause 48.—Practical difficulties have been experienced in dealing with dangerous buildings, etc., under section 130 when the ownership of the buildings is in dispute or is the subject of a law suit. The amendment is designed to remove these difficulties.

Clauses 49 to 51.—Make certain self-explanatory additions to the scope of a Cantonment Authority's functions in medical matters.

Clauses 53 to 57.—See paragraph 1 (3) of the Statement of Objects and Reasons. The chief objects of these clauses are :—

(1) to prevent the erection of buildings without proper sanction—new section 178 A ;

(2) to give the Cantonment Authority power to refuse sanction to the erection or re-erection of buildings until satisfied that the applicant has a proper right to build upon the land in question—section 181 (3) and (5) ;

(3) to give the Officer Commanding-in-Chief, the Command, powers of control over building generally within specified limits—section 181 (4) ;

(4) to ensure that sanctions when granted are acted upon within a reasonable period—new section 183 A ;

(5) to ensure that building can be stopped when sanction to erection or re-erection has been suspended by superior authority under section 52 (1) (b)—new section 185 (2) ; and

(6) to enlarge the scope of building by laws in conformity with the provisions of Municipal Acts—amendments to section 188.

The general object of these clauses has been approved by the All-India Cantonments Association.

Clause 53 (a) (ii).—Makes certain additions at the suggestion of the All-India Cantonments Association to the number of occupations, the carrying on of which requires a licence.

Clause 57.—See paragraph 1 (4) of the Statement of Objects and Reasons.

Clause 68.—The amendment follows section 81 of the Punjab Municipal Act, 1911, to overcome the difficulty experienced in recovering dues from persons who have left the cantonment.

Clause 72.—See paragraph 1 (1) of the Statement of Objects and Reasons. The omission of clause (hh) is consequential on clause 39

Clause 75.—The amendment, which was proposed by the All-India Cantonments Association and is similar to section 311 of the Madras District Municipalities Act, 1920, is designed to obviate the practice obtaining in certain cantonments of charging copying fees for the supply of copies of regulations, by laws and rules.

Clause 76.—Although the administration of Cantonments will be a Federal subject under the new Constitution and it is therefore desirable, as explained in paragraph 2 (c) of the Statement of Objects and Reasons, to allocate to the Central Government the majority of the duties and functions which are at present exercised by Local Governments, it will be constitutionally possible to delegate powers under the Act to the Provinces; and this clause provides the necessary authority for such delegation.

Clause 78.—The number of appeals that lie to the General Officer Commanding-in-Chief the Command, under the Act are so numerous that it is extremely difficult for that officer to find time to go into them all personally. In addition to his other and even more important military duties, in practice, the Officer Commanding-in-Chief, the Command must rely to a considerable extent on the advice of the expert cantonment officer who is attached to his staff, and the amendment legalises such a practice.

The following Bill * was introduced in the Legislative Assembly on the 1st April 1935 :—

L.A. BILL No. 33 OF 1935.

A Bill further to amend the Indian Tea Cess Act, 1903, for a certain purpose.

of 1903. WHEREAS it is expedient further to amend the Indian Tea Cess Act, 1903, for the purpose hereinafter appearing. It is hereby enacted as follows :—

Short title. 1. This Act may be called the Indian Tea Cess (Amendment) Act, 1935.

of 1903. Amendment of section 3, Act IX of 1903. 2. In section 3 of the Indian Tea Cess Act, 1903, for the words "eight annas" the words "twelve annas" shall be substituted.

* The Governor-General has been pleased to accord the sanction required by section 67 (3) of the Government of India Act.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to raise the maximum rate of the cess levied on exports of tea from India by one anna eight per hundred pounds to annas twelve per hundred pounds, in order to finance intensive propaganda work in Indian markets as a complementary measure to the scheme of export restriction now in operation. The proposal carries with it the support of the tea growing industry in India and all Local Governments and Indian States concerned in the production of tea and a very large majority of the commercial bodies who have been specifically consulted on the proposal have expressed themselves in its favour.
